MARCH MEETING TOPIC: WORKPLACE VIOLENCE

When: Tuesday, April 13th, 2021, 12:00 p.m. – 1:00 p.m.

Speaker: Open Forum Discussion

Safety Professional Voluntary Survey

A graduate student in the Ph.D. in Safety Sciences degree program at the Indiana University of Pennsylvania (IUP) is reaching out to request your support for his research project by completing this [online survey](#).

The purpose of the study is to describe safety professionals' perceptions concerning the different types of respirator fit test methods. In light of the current national focus, there may be interest in the further study of this topic.

The [survey link](#) is completely anonymous/untraceable, and there are no right or wrong answers. The survey is optimized to be completed on a mobile device. The estimate duration is less than 10 minutes. You are able to quit the survey at any time. The closing date is March 31, 2021.

Results will be shared with supporting ASSP Chapters once the study is completed. Thank you!

REGULATORY INFORMATION:

The Top 10 OSHA Most Cited for Safety Standards for FY 2020 are:

INCOMING EXECUTIVE BOARD MEMBERS AND TITLES

Jonathan Zimmerman	president
Brad Weber	president elect
Jason Newland	treasurer/web master
Don Chapman	secretary
David Schriever	publications/student section liaison

If you have any considerations or nominations for anyone else , please email us brad.weber@sheakley.com

A Message from our Chapter President; Brad Weber

Chapter Members:

We are pleased to announce our upcoming scholarship fundraising event scheduled for next spring 2022. We are hosting a sporting clay shoot. We are very excited that our planning committee has started strong and will very soon be securing a date for the event. Our committee, headed up by Bob Gander, will be hard at work to make this event a complete success. Your support in whatever way is much appreciated.

I also wanted to take this time to thank those that help keep this chapter strong, our Executive board (Jonathan Zimmerman, President; Jason Newland, Treasurer/web master; Don Chapman, Secretary; David Schriever, Publications/Student Section Liaison). These proud members of the southwestern Ohio chapter have dedicated the most valued commodity, their time, as well as resources and their professional expertise to manage a large process every month for years.

We certainly appreciate their continued efforts, and selfless volunteers. I would ask that other members consider helping us. Your time commitment is minimal, and I would never ask you to do more than you are willing to do. If you want to show your appreciation for the chapter and the countless hours these persons have put in, volunteer today. I will be glad to discuss some of the many options you may have. My email is brad.weber@sheakley.com cell is 513-314-0042

Thanks for your consideration!

Brad Weber

I wanted to recognize our new online members. We at the South West Ohio Chapter of ASSP would like to extend a warm welcome and cordially invite you to attend our monthly Chapter meetings. We hope to see you virtually at our next meeting.

Professional Development Conference and Expo

Discover solutions to your greatest occupational safety and health (OSH) challenges at the premiere annual safety education event in the industry. Take advantage of top-quality safety education options at the conference, along with countless opportunities to network with thousands of attendees across all job roles, industries, experience levels, geographies and demographics.

We are working through a big addition to our Safety 2021 Professional Development Conference and Exposition that would enable thousands of attendees to get involved like never before. For the first time, ASSP's signature event is expected to be a hybrid experience that is also moving to a new location and date for greater accessibility. For more information, please read our announcement here: [Safety 2021 Expects to Bring Hybrid Experience to 60th Event](#)

Everything you need to know about donating **Convalescent Plasma**

Donating convalescent plasma is an incredible way to make a difference during this time of uncertainty—and when you donate with Hoxworth, your plasma will help a patient in our community.

Why donate Convalescent Plasma?

Convalescent plasma contains antibodies that can be used for the treatment of individuals infected with COVID-19.

Who can donate?

Individuals who have recovered from a documented infection of COVID-19 and have been symptom free for at least 14 days are eligible to donate.

How long does donating plasma take?

Donating Convalescent Plasma takes about 90 minutes total.

How to donate:

Step 1: Make sure you're at least 14 days symptom free.

Step 2: Visit hoxworth.org/covid-19 and fill out the survey on the webpage.

Step 3: Wait for a call from Hoxworth to schedule your donation.

Please note: Donors must be pre-approved through website and cannot show up day of drive without pre-approval.

Questions? Call 513-451-0910
